Facials

Our friendly and professional therapists will advise you on the facial treatments best suited to your skin type to achieve the results you desire.

We use Pinks Boutique products which contain only natural ingredients, herbs, essential oils and anti oxidants to promote clear, hydrated radiant skin.

Our organic facial combines cleansing, a deep cleanse with our camellia based melt, exfoliation, relaxing face, neck and shoulder massage and mask.

Unusually the treatment will also include your upper back and neck to provide it with vital moisture.
